

**simalube - the automatic single point lubricator that offers a wide range of product benefits**

### **Trust the Original!**

Any bearing deprived of correct lubrication will fail within its predicted lifespan leading to high repair costs. As a result, simatec has developed an advanced generation of **simalube** - the automatic single point lubricator which has been proven millions of times. Two new lubricator sizes cover the wide spectrum of manifold grease applications even better.

### **simalube - progress through continuous development**

- Now available in four sizes simalube 30, 60, 125 and 250 ml (1, 2, 4 and 8. fl.oz.)
- Working temperature range from -4° F to +131° F
- Maximum working pressure of 5 bar (75 psi)
- Short initial periods

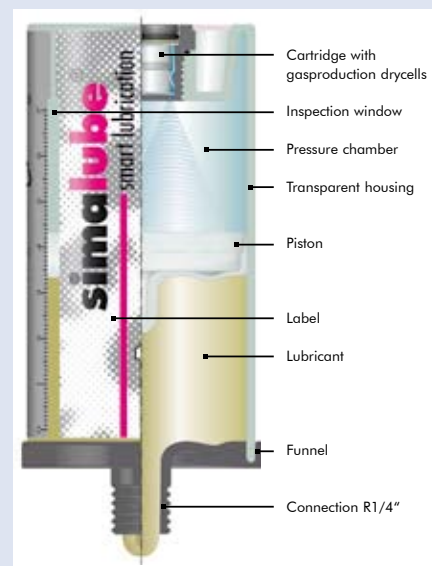

**The New Generation**

Swiss made / worldwide patents

## The practical benefits of simalube:

- Simple to install and to activate
- operates automatically 24 hours a day, 7 days a week
- powered by a patented gas generating dry cell
- Adjustable time setting from 1 to 12 months reduces inventory costs, as one lubricator covers a wide range of requirements
- Available in four sizes: simalube 30, 60, 125 and 250 ml (1, 2, 4 and 8 fl.oz.)
- Transparent container allows easy check of lubricant levels
- Compact size permits installation in restricted areas with limited space
- Sealed point of contact prevents contamination with dirt or foreign matter
- No harmful chemicals to generate the drive gas
- Easy adjustment of dispensing rate during operation
- Can be temporarily deactivated
- Refillable kits available
- Environmentally friendly and easy to dispose
- Intrinsically safe (Class1/DIV1), various safety approvals, Ex, GS, and FM, TÜV
- Wide range of accessories is available such as adapter, tubes and brushes

dry cells

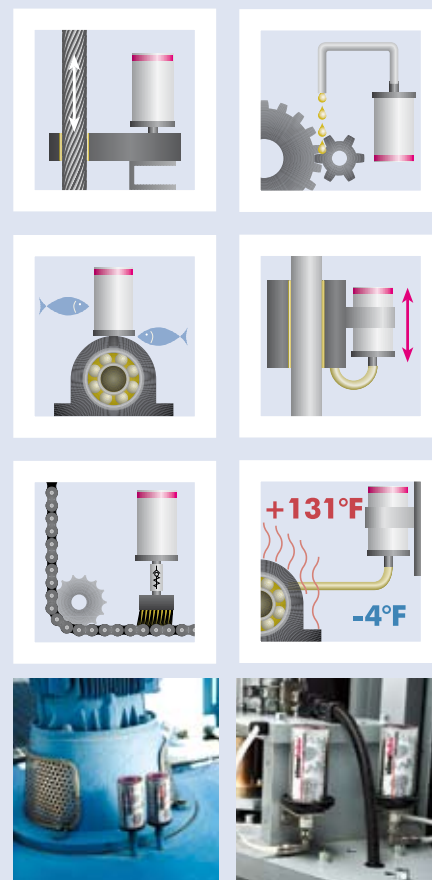

easy to activate

accessories

### simalube standard lubricants

No.	Application	Temp. range (in the area of lubrication)
<b>SL01</b>	General multi-purpose industrial grease	-22 / + 248 °F
<b>SL02</b>	High performance grease with MoS2 (moly)	- 4 / + 347 °F
<b>SL04</b>	High temperature grease	32 / + 338 °F
<b>SL06</b>	Fluid grease	- 4 / + 260 °F
<b>SL09</b>	Biodegradable grease	- 22/ + 248 °F
<b>SL10</b>	High performance multi-purpose grease for the food industry	- 0 / + 275 °F
<b>SL14</b>	Gear / chain oil	14/ + 212 °F
<b>SL15</b>	High temperature chain oil	max. 500 °F
<b>SL18</b>	Food grade oil	°F
<b>SL24</b>	Grease for a wide temperature range	- 4 / + 284 °F
<b>SL25</b>	High pressure grease	- 40/+ 350 °F
